### About This Content

The Victorian era was never so fun and deadly. The Steampunk Character Pack 2 adds 4 more new and unique playable characters for Killing Floor as Downloadable Content. Once you have bought the pack, they will become selectable in the character selection screen in-game.

### Steampunk DJ Scully

Ex-soldier-turned DJ, Scully's still haunted by the grisly memory of a pounding nightclub transformed into bloody abattoir at the hands of Horzine's monstrosities. Once reluctant hero, now avenging angel, Scully seeks new and steam-powered ways to stick it to the creatures who robbed him of his first ever flawless DJ set. Now Scully destroys evil wherever he finds it, hoping that one day the world will return to normal and that he'll finally get to play the perfect 'killer' set without everyone being gruesomely murdered.

## Steampunk Demolition

Cheerful, witty and slightly insane, to say Quentin loves blowing things up is an understatement. Raised by an uncle in the demolitions trade, Quentin blew up his first high-rise at the tender age of six and hasn't looked back since, despite losing a leg at nine. His unique expertise helped fuel a celebrated military career which abruptly ended after an unfortunate incident involving five hand grenades, some rope, and the unit commander's pet corgi, Alan. Called back into service for Queen and country to help cleanse the streets of the Horzine outbreak, Quentin's determined to put the past behind him and get on with the job at hand.

## Steampunk Support Specialist

Harold was once a soft-spoken relationship counsellor, he spent his days bringing people together, healing emotional wounds and making the world a better place; with all his clients dead and eaten, Harold now dedicates himself to eradicating the Horzine outbreak, healing the country's wounds by causing them in the undead. Trouble is, Harold's new crusade has loosed a darker side; once dormant, it now gorges itself on the blood and suffering of monstrosities that should not walk the earth. Harold fears he's found his true calling - not healer, but destroyer - flayer of the evil and drinker of their blood.

## Steampunk Commando

Phil tells anyone who'll listen he's ex-special forces and hardcore to the bone, that the Horzine outbreak's nothing compared to missions he's pulled off in the Middle East... truth is Phil used to stack supermarket shelves, his so-called elite military training's come from endless hours playing every FPS spat out by the games industry and reading every gun nut magazine he could get his hands on. Strange thing is, combine that with a killer workout regime that ensures he's ripped to the max, and Phil's proving to be a pretty damn effective undead killing machine .

DOSH! Spend it while you can! Twelve cents per model with the 75% sale. Yes, I have a Steam purchasing addiction.. These Killing Floor characters really adds to the attitude to the game. The things these change are nothing really big except when you speak you get to see the character you are in the pop out picture. The other change you will see with these skins is on the left arm when you are holding the gun you will see a change in color and detail. It adds to your visuals not so much but affects how other people see you. They are fun to mess around with and change. I enjoy these character packs very much, I think they are fun to choose a character that fits your style of gameplay and your attitude in general. These character packs are for other people's benefit and not just your own so if your expecting a big change you will be disappointed. I would suggest picking up the character skins in the "Killing Floor Complete" with the base game in it or when you see them on sale individually. I have enjoyed using these skins as it adds more "Character" to the game.. The Steampunk Character Pack 2 is yet another in the line of character skin DLC packs for [Killing Floor](#), in which only two of the skins even vaguely appeal to me personally. Now that [Killing Floor 2](#) is out, there really isn't an excuse for most of these packs to be 8 dollars each. This is strictly for hardcore freaks of the first game with money to spend.

[Strangely, this one doesn't seem to be fully registered on the Steam storefront as DLC for KF1; most notably the purple DLC box on the store pages of all other downloadable content isn't present..](#) [DJ\u3068\u3057\u3066\u306e\u51fa\u756a\u3092\u596a\u308f\u308c\u3001\u305d\u306e\u4e0a\u30d5\u30a1\u30f3\u3092\u6bba\u3055\u308c\u305f\u8a18\u61b6\u306b\u82db\u307e\u308c\u3066\u3044\u308b\u304c\u3001\u305d\u306e\u5fa9\u8b90\u3059\u308b\u305f\u3081\u306b\u899a\u9192\u3057\u305f\u304a\u3063\u3055\u3093DJ](#)
